Student Testimonial 学生好评

Eva
(China)
MYP Student

"I used to be shy about speaking English, but during the program I gave my first cultural speech in front of classmates. Now I feel more confident expressing myself in both English and Chinese!"

Sion Wei
(United Kingdom)
PYP Student

"The science experiments were exciting! I liked discovering how energy works and then writing a report with my group. It made me feel like a real scientist."

Zeyu
(Korea & China)
MYP Student

"I enjoyed the writing and advertising project because it combined creativity and learning. Designing a poster with my friends and presenting it in class was so much fun."
